Information

Superintendent of Schools

June 2011

Dear Class of 2011,

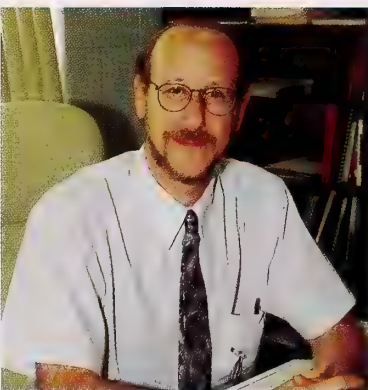

The future is yours. It will be filled with boundless opportunities and the independence of adult life. Will societies meet the challenges ahead? How will you measure yourself to these challenges?

I can assure you that the positives will outweigh the problems. Keep the winning spirit and an attitude of success. I know you can be a credit to yourselves, your families, Billerica Memorial High School, and the Town of Billerica.

I join with the Billerica School Committee in congratulating each and every one of the Class of 2011. May your future be filled with happiness and achievement.

Congratulations and best wishes,

Information

Principal of Billerica Memorial High School

June 2011

Class of 2011,

I am pleased to once again congratulate you for the success each of you achieved while students at Billerica Memorial High School. This success recognizes years of effort between you, your parents and all faculty with whom you had contact throughout your education.

During your time at BMHS, we sought to provide you with the social, academic and thinking skills necessary to support your continued growth. As you transition to the workplace or institutions of higher education, it is hoped that you are able to call upon your experiences here to assist in the achievement of your future goals. While you enter the next phase of your lives with some uncertainty, you need to have confidence that you have been well prepared to meet the challenges that await you.

You entered BMHS as several individuals each striving to achieve your own goals. You leave us as a single, cohesive group that came together for four years to represent BMHS in a wide range of activities. On behalf of the entire faculty I congratulate you on what you have accomplished and know that there is much more for you to do. Congratulations and best wishes!

A handwritten signature of Kevin Soraghan in black ink.

"Through our journey of life, we may hit tough times but through the love of our friends and family and through hope we can get through those tough times, because nothing is forever."

~Kara Dodd, Class President

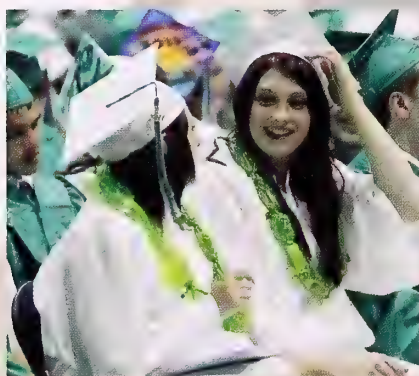

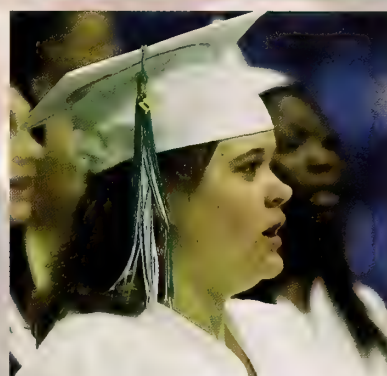

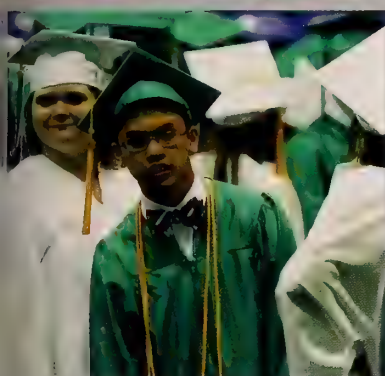

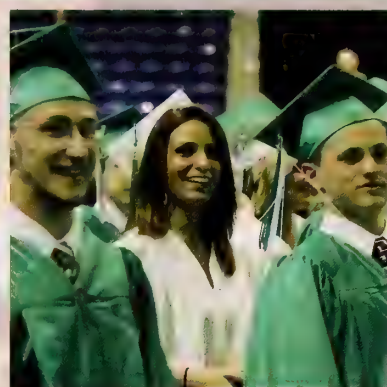

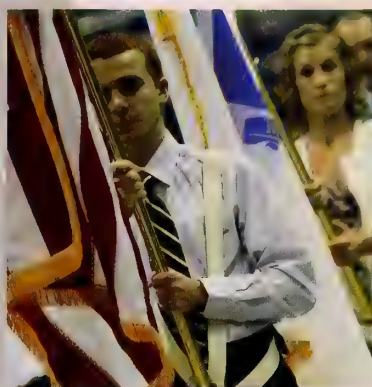

"Up to this point, we have only experienced a small fraction of what life is and through our growth we are discovering who we are with each passing day. So right now, let's take the time to thank those who have made an impact on our lives, from our friends and family to our teachers and coaches... Without caring people like them, none of us would be where we are today."

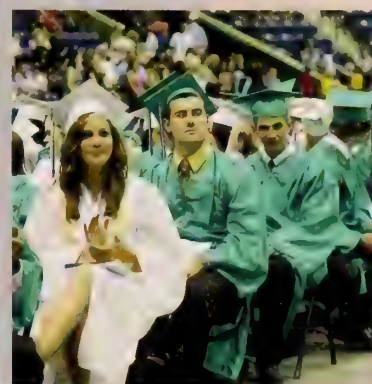

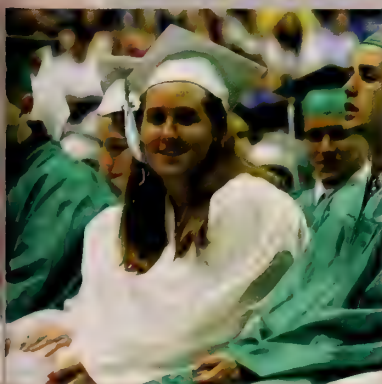

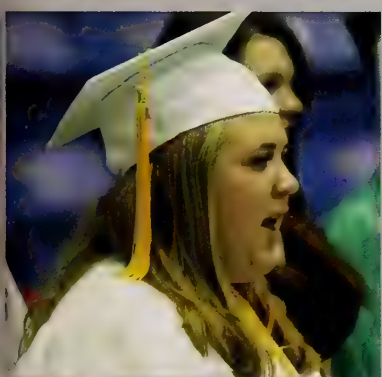

~Jevon Yu, Valedictorian

"If we use our individual passions as a way to build a community, rather than pretend we don't have dreams for something beyond anything we have ever reached, I believe that we will be able to achieve so much more than we would if we hid our inner dreamer. ...It is the years to come that hold the most promise and possibilities, the greatest amount of opportunities that are ours to jump at with optimism or sit back and let pass us by."
